

Alumni Data Analysis of BJB Autonomous College (2023-2024)

Introduction:

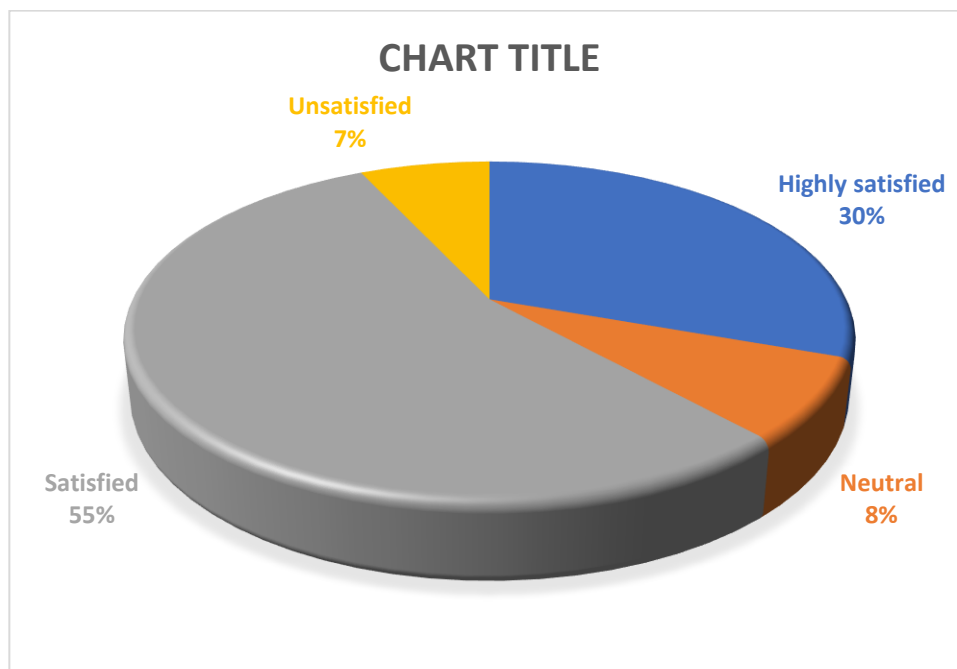

The following analysis aims to provide an overview of the alumni feedback gathered from former students of BJB Autonomous College during the 2023- 24 academic year. Each section highlights a distinct area of focus, revealing valuable insights into how the college's offerings have prepared students for their careers, the quality of their learning environment, and their overall satisfaction with the infrastructure and facilities. The data presented in this report will aid the college in refining its programs and resources for future.

Relevance of content of curriculum with job / Occupation

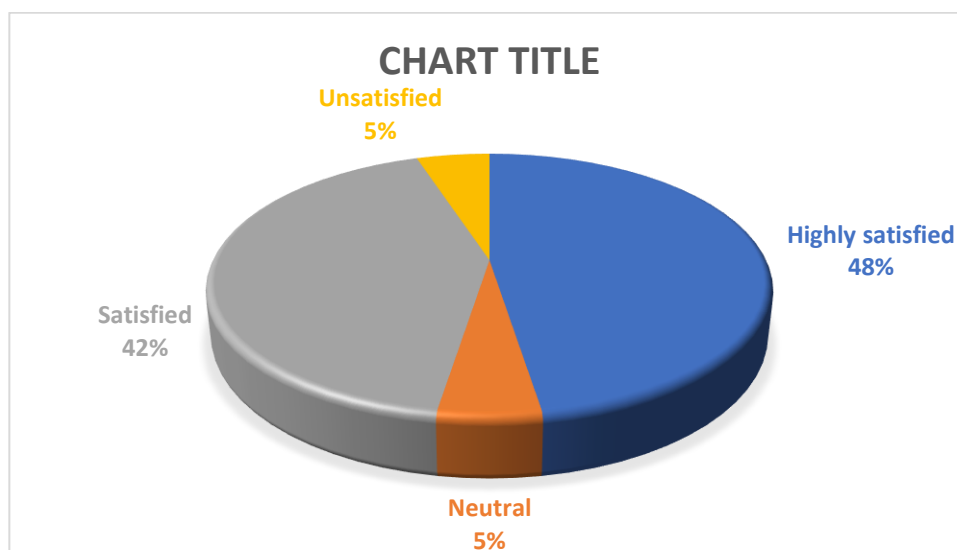

The pie graph illustrating the relevance of the curriculum content with alumni's current job or occupation reveals significant insights. A majority of the respondents indicated that the curriculum was highly relevant to their professional roles, suggesting that the college's academic programs are effectively aligned with industry requirements. This alignment is crucial for equipping students with the necessary skills and knowledge to excel in their careers. However, a small percentage of alumni felt that there were gaps in the curriculum, indicating areas for potential improvement to ensure comprehensive career preparation.

Infrastructure, laboratory, library & other facilities available in the college

The analysis of the pie graph concerning the college's infrastructure, laboratory, library, and other facilities shows a generally positive response from alumni. Most respondents expressed satisfaction with the available resources, highlighting the college's commitment to providing a conducive learning environment. The well-equipped laboratories and extensive library resources were particularly appreciated. Nonetheless, a minority of alumni suggested enhancements in certain facilities, which could further elevate the quality of the educational experience.

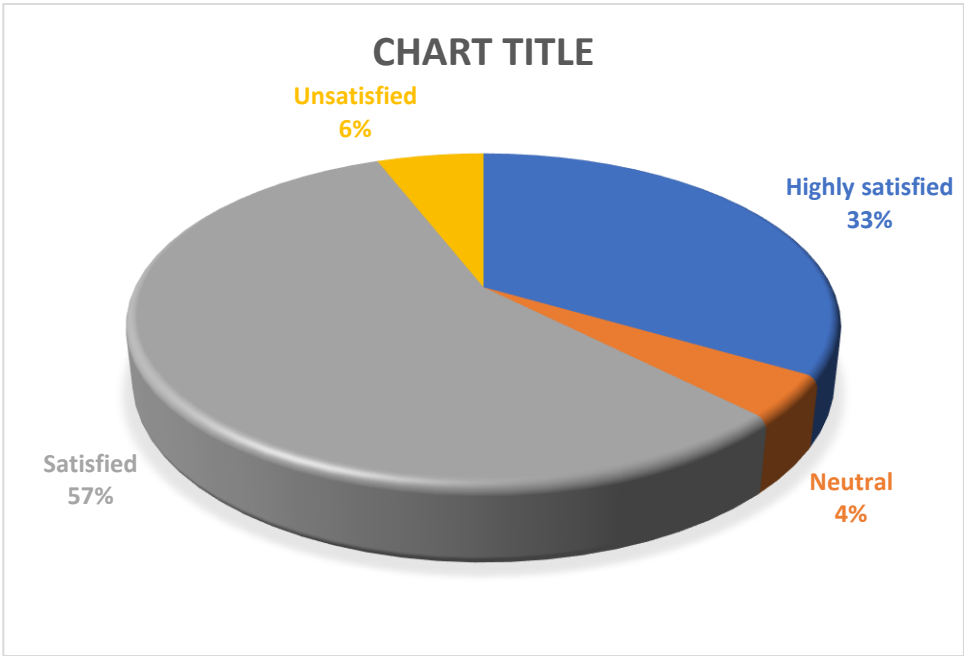

Teacher - student interaction

The pie graph depicting teacher-student interaction reflects a strong positive sentiment among alumni. The majority of former students reported that the faculty was approachable and supportive, fostering an engaging

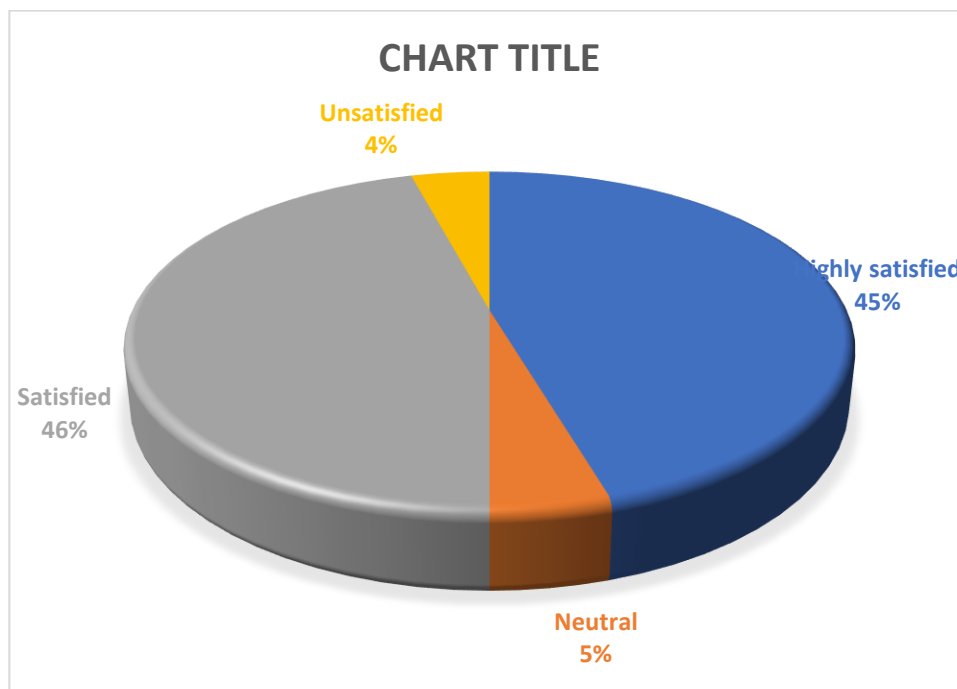

and interactive learning atmosphere. This positive interaction is a testament to the college's emphasis on personalized education and mentorship. However, a few alumni noted the need for more frequent and diverse interaction opportunities, which could enhance the overall educational engagement.

Satisfaction with the overall facilities available as per curriculum

Alumni feedback on satisfaction with the overall facilities available as per the curriculum, as shown in the pie graph, indicates a high level of contentment. Most respondents were pleased with how the facilities complemented their academic pursuits, contributing to a holistic educational experience. This satisfaction underscores the college's efforts to align its infrastructure with curricular demands. Nevertheless, some alumni suggested that periodic updates and expansions of facilities could further support evolving academic needs.

Overall learning experience at BJB Autonomous College was really enriching

The pie graph summarizing the overall learning experience at BJB Autonomous College reveals that the majority of alumni found their educational journey to be enriching. This positive feedback highlights the college's success in delivering a comprehensive and fulfilling academic experience. Alumni appreciated the blend of theoretical knowledge and practical application, which prepared them well for future challenges. A small segment of respondents, however, recommended additional experiential learning opportunities to enhance the overall educational impact.
