B.J.B Autonomous College, Bhubaneswar

Department of Statistics

Quality education is a step to lead the ladder of successful career and B.J.B Autonomous college is the right choice for career builders. The Statistics department of the college showcased its activities with full enthusiasm in the session 2018-19. In order to improve vocabulary among students of Statistics department, a debate competition was organized in the PG department of Statistics, Utkal University on 19.01.2018. The theme of the debate was "Tripple Talak- Whether Vice or Virtue". The first three positions were secured by (i) jointly by Ms Khusi Agarwal and Sri Kaibalya Patnaik from B.J.B college, (ii) Ms Jasmin Mohanty from B.J.B college. They were given a cash prize of RS1500/- each for first position and RS 1000/- for securing second position respectively.

National statistic Day was observed on 29.06.2017 in the department. On this occasion, Our students participated in the debate competition on the theme, "Administrative Data in Health Care System" held at PG department of statistics, Utkal university in joint collaboration with National sample survey organization (Nssso), Govt. of. India. Ms. Sucharita Sarkar from BJB college secured first position.

The academic session 2018-19 started with hearty and warm welcome ceremony for the newcomers organized by the senior students of the department, titled "Aloha 2k18" and also a farewell meeting for our ex-vice principal Dr. Rita Pati was held on the same day by the department in the presence of prof. J. Sarangi, prof. in statistics (Retd) of Utkal University. It was followed by celebration of Teacher's Day by the students with great enthusiasm.

National sample survey office (Field Operations Division), Regional office, Bhubaneswar invited the students of our department to participate in the debate competition on the topic "Quality assurance in official statistics" on 29th June-2018 (National Statistics Day). Ms. Khusi Agrawal of +3 2nd year (sc) bagged 1st prize in the debate.

A seminar was organized on the occasion of vigilance awareness week on the topic titled "Eradication Corruption- Build a New India", to encourage fairness in the work instead of corruption. On 12th November, 2018, parent-teacher interaction meeting was organized in the department in order to discuss the problems faced by

students and feedbacks from the parents were collected for further improvement in the students learning activities. On 26th November 2018, Constitution Day was observed in the department in order to follow the basic principle of the constitution and the philosophy of the constitution maker. Students of the department took pledge to uphold the democratic tradition of our country and dignity of free, fair and peaceful election fearlessly on National Voters Day.

Students of our department observed Republic Day in the college and master Aayush Rath of +3 2nd year (science) participated in state level Republic parade-2019 held in Bhubaneswar from NCC (Airwing). He was also selected for all India vayu sainik camp and represented Odisha in Jodhpur Air Force base, Rajasthan for 12 days and attended different local training camps in NCC.

Sri Pratik Nayak of 2016 batch successfully cleared Indian statistical service (ISS) Examination conducted by UPSC in 2023 securing eighth rank all over India. Ms. Khusi Agrawal of 2019 batch also got selected for the post of STATISTICAL OFFICER in OPSC examination in the year 2023 held under the planning and coordination department, Govt. of Odisha.

Dr. Niranjana Mishra, Professor and Head of the department attended National seminar held at Govt(Autonomous) college, Rourkela in 2018 and 2019 as Resource Person. The topic of the seminar was "Random matrix theory and its application" and stochastic programming" respectively.

The students also participated in various competitions and cultural activities held in this college and were awarded several prizes to their credit.

The get-togethers from time to time gave the students a genuine platform for fun and feasting to be more constructive endeavour for the development of the college and department, as a whole.
